

The upside to a river trip in Idaho is that you will be traveling through and enjoying a great expanse of wilderness. The downside to that great expanse of wilderness is that travel distances and times are challenging. Your trip will begin in Salmon, Idaho and end in either Lowell, Idaho (car shuttles) or Kamiah, Idaho (air charters).

If you are flying into Boise, you can either:

- Fly via air taxi service from Boise to Salmon before your trip and from Kamiah back to Boise after your trip (see AIR) or
- Rent a car in Boise, drive to Salmon, (6 hours), and have your car shuttled from Salmon to Lowell during the trip (see GROUND).

If you are driving directly to Salmon, you can either have your vehicle shuttled to Lowell during the trip or you can arrange an air taxi flight from Kamiah back to Salmon after your trip (see AIR and GROUND).

As always, if you have any questions or concerns, just give us a call.

### AIR

You will need to arrange a flight from Boise to Salmon for the day before your trip (we recommend departing for Salmon no later than 5:00 pm) and from Kamiah back to Boise after your trip. Southwest, United, Alaska/Horizon and Delta serve Boise. Due to potential delays we recommend that you DO NOT plan on flying out of Boise the evening the trip concludes, but rather that you spend the night in McCall and fly to Boise in time for your flight the following morning (after 10:00 am departure from Boise is best). McCall is a small, scenic, vacation community situated between Kamiah, (which has limited accommodations), and Boise and is the base for the air taxi company. You can stop en route to Boise, spend the night, then continue on to Boise in the morning. The round trip package from Boise costs about \$495 per person; contact McCall Aviation (800-992-6559 or [www.mccallaviation.com](http://www.mccallaviation.com)) to make arrangements.

FLIGHT TIMES	
Boise to Salmon	= 1 hr 15 min
Kamiah to McCall	= 45 minutes
McCall to Boise	= 45 minutes

### GROUND

You will need to drive to Salmon and arrange an independent car shuttle through River Shuttles (800-831-8942 or [www.rivershuttles.com](http://www.rivershuttles.com)). You can arrange the shuttle in advance, or you can fill out a form at the pre-trip meeting. Your car will be left at the Stagecoach Inn in Salmon and shuttled to the airport in McCall during the trip. The cost of the shuttle is \$260 per vehicle, plus \$80 for gas, plus a full tank of gas. River Shuttles moves thousands of vehicles around Idaho during the summer and is very reliable.

DRIVING MILEAGES AND TIMES	
Boise to Salmon	= 243 miles, 6 hrs
Salmon to Lowell	= 240 miles, 4½ hrs
Lowell to Boise	= 280 miles, 5½ hrs
Missoula to Salmon	= 140 miles, 3 hrs
Lowell to Missoula	= 121 miles 2½ hrs

If you are RENTING A VEHICLE AT THE BOISE AIRPORT, request an "Additional Driver's Form" from the rental agency (Avis and Budget have been the easiest to work with in the past), fill it out and FAX it to River Shuttles at 208/756-4188. River Shuttles will fill in their part and FAX it to the rental agency before rental. This enables River Shuttles to drive the rental car. Arrange shuttle as above. Car rentals cost about \$200 to \$300 for the week.

You may also use Missoula as your gateway city. United Express, Horizon, and Delta serve Missoula.
